

## BIOGRAPHY

### **Sherri Sebastian**

Sherri Sebastian, senior perfumer at Fragrance West, has 24 years of experience in the flavor and fragrance industry. As a perfumer in New York City and Los Angeles, she's developed fragrances for the personal care, fine fragrance, air care, natural, and niche markets.

She holds a degree in Food Science and began her career as a flavor chemist apprentice at a Brooklyn flavor house before joining the fragrance industry. Her fascination with the subtle interplay of ingredients fuels her passion for fragrance development, while her travels and trend work inform her approach. "The ultimate goal is to convey each brand's unique essence with the perfectly crafted scent", Sebastian says.
